Rapid-Drying Tunnel Paint "TunnelPaint Pro"

Product Code: ACME-PNT-TUNEL
Category: Chemical Construction & Illusions
List Price: $89.99 / 500ml can

Product Overview

A spray paint that creates a visual and physical illusion of a tunnel on solid rock or concrete walls. Operates selectively: it allows individuals carrying an active ACME SmartID badge to pass through, while remaining a solid wall to unauthorized entities.

Technical Specifications

- **Coverage:** 1 can = 1 tunnel (3-meter diameter, 50-meter visual depth).
- **Drying Time:** 3.0 seconds post-application.
- **Weather Resistance:** 48 hours (spontaneously evaporates into neutral gas thereafter).

Guidelines & Liability

- Before running into a painted tunnel, ensure the SmartID wristband indicator light is green.
- ACME Corp assumes no liability for bruises, concussions, or broken bones resulting from attempts to enter a tunnel without a valid user license.

Frequently Asked Questions (FAQ)

- **What happens if a train attempts to enter a painted tunnel?**
  ACME maintenance trains pass through unobstructed. Third-party vehicles will collide with the wall.
